Re: Petition of Senator Dinniman for Interim Emergency Relief; Docket No P-2018-3001453;  
Senator Dinniman v. Sunoco Pipeline L.P.; Docket No. C-2018-3001451.

Secretary Chiavetta:

The East Goshen Township Board of Supervisors write in support of the order dated May 22, 2018, which granted interim emergency relief, as filed by Senator Dinniman on April 30, 2018.

The order is founded on protecting the public interest and safety in accordance with 66 Pa. C.S. § 1501, and it is in keeping with our municipal obligations to our residents. The Board therefore encourages the Commission adopt the May 22, 2018, order as written.

The Mariner East 1, 2, and 2X pipelines run through the middle of East Goshen Township. The residents of East Goshen need to be assured they are being installed, operated, and maintained in a manner that provides for their utmost safety.

The Board would like to specifically call the Commission's attention to Condition 20 of the order which reads as follows:

**"That Sunoco Pipeline L.P. shall create for the public an integrity management program, risk analysis and other information required to warn and protect the public from danger and to reduce the hazards to which the public may be subjected."**  
**(Emphasis added)**

Our first responders and all residents of East Goshen need to have this information so that they can make informed decisions about what to do in the event of an emergency. In particular, a 55+ adult community with more than 1700 residences, an elder care facility which includes assisted and skilled care beds and an elementary school are immediately adjacent to the pipeline easements. These uses require exceptional support in an emergency requiring evacuation.

Sincerely,

E. Martin Shane  
Chairman
